Managers news

It's been eight months since the storm and the park is looking better every day. The state contractor is due back in the park any day and the contractor said he has about 38 homes to take out. This will be a big improvement getting the eyesores gone.

I want to remind everyone that the park rules require a carport and shed under it on every home. The only exception is that if the home is raised eight feet you park under the home and the shed can also go under the home.

We have warned residents about using unlicensed contractors who do bad work. Well, some residents hired them anyway, some received inferior work and others gave them money and the work was never done. Beware of those contractors who want upfront money as you may never see it or the work get done.

After the storm we relaxed the rules enforcement. Now over eight months after the storm we need and are enforcing the rules. If you don't have a copy of the 2022 version of the rules contact the office for a copy.

Broad Star is scheduled to start next week with the install of the fiber system. We are told that they will have the install completed by Labor Day. They will hold meetings to show how it works and answer all your questions. These meetings will continue into January as we all know everyone is not here in the fall. We will keep you informed as we go.

We are still running into problems with people selling their homes and not processing them through the office. All sales must be processed by the office. If you sell your trailer with out the permission of the Co-Op you sold the trailer not the lot. You are still responsible to pay the lot rent each month until an approved tenant replaces you. Do the right thing by having the purchaser apply for residency in the park.

As many of you know I will be retiring this summer for the second time. I have enjoyed working and being part of Orange Harbor. I have always put Orange Harbor's best interest as priority one. We have a great park and it will only become better with time. I have met a lot of great people and encourage everyone to be involved in the community.

Letter from the Editor

Hello fellow Orange Harbor residents! My name is Jennifer Krogulski at 78 Sun Circle and I have taken on the task of being in charge of the newsletter. I have been a resident of OH since 2014 with my husband, Tony. I am excited to challenge myself and hope to help keep all of you informed of all the things you need to know here on our island. Be it all of the activities we have and the important information you need and where to gain access to it.

It is very exciting to see the changes here in Orange Harbor especially the new faces and the new homes that are being installed. I had the pleasure of visiting a co-op owned community in the Keys this past April and I was very impressed with the way the old and the new homes blended together so well.

I ask all of you to be patient with me while I navigate this new adventure in publishing a newsletter that will keep you informed. If anyone has any suggestions or anything I miss (which I am sure will happen) please reach out to me and I will do my best to improve the future issues.

Please send all correspondence to me at ohnewsletter@aol.com

Happy 4th of July

Notes From the Co-Op President

Hello Orange Harbor,

I want to start by thanking Jennifer for taking on the task of the newsletter, this is a very important part of our communications. The Social Board has taken on for the most part, a full new look. I want to thank Jeannie Miller and the full social board for the past years of service. I applaud how well all the social events stayed running, almost in full force, during very trying times like covid and Ian. I have seen the rough draft for next season and OH is in for another great social fun season!

I want to let everyone know that the addition of Mike Hamilton to the board was a great selection to handle the treasury. He has stepped right in and has been working daily side by side with a great finance committee.

I was asked to chair a committee to interview a new CAM. The committee interviewed three very qualified applicants, and then made a recommendation to the board of our selection. The board has approved the recommendation and the new CAM will start June 1st. Her name is Patty Shaw, she came to us very highly recommended, she has over 10 years experience, and was a past CAM for Tropicana Mobile Home Park. My thanks goes out to John for his years of service, and hope he can move into, and enjoy a well deserved retirement. John will still be the main consultant when the front entry, and new office begins construction, he has been involved in the project since the beginning.

In the first months since the elections and the restructure of officers, many things are being accomplished, including each board member taking on an area of responsibility, and duties. I can say with great confidence that all members will do their best to keep moving Orange Harbor in the right direction. Yes we will make mistakes, we will learn from those mistakes, and keep moving forward.

I have asked that the board attend the Townhall Meetings, I think it is important that all residents are heard, I want more than one or two board members to hear the brought up issues, ideas, and good suggestions. I also ask that all residents try to attend all the Townhall Meetings, this will help the board and management stay in tune with everyone.

Lastly, the community needs help with forming some committees. We have so many residents that have many areas of expertise and we need to tap into this. We are looking to get a insurance committee started, this committee would help review our current policies, make sure we are covered correctly, and possibly get more quotes if needed. Mike Hamilton will oversee the committee. We also need a compliant committee, this committee would be maybe 3 people. The duties would be to review a violation, if someone is given a violation and feel it may not be justified, they can request to have the compliant committee review the violation and make a recommendation to the board and management about their findings.

Orange Harbor, YOUR community has gone through some very, very hard times with Covid and Ian, but it will come out of it strong and beautiful. Volunteer where & when you can, we need you! Orange Strong!

Thank you,
Butch Chambers

Let's Get Social

It's Summertime in Florida and it's gotten a lot quieter around here! As you all know, we have had one heck of a Winter season this year. There will be Hurricane Ian stories for decades! I have to say, while we were all figuring out a place to live, we managed to keep the fun in the sun throughout.

Many have been busy rebuilding, picking out their new home & patiently waiting for it to arrive and others coming to Orange Harbor to gather their special belongings as they say their difficult goodbyes to so many friends and special memories here. Needless to say, the never ending paperwork: Insurance, FEMA, Permits, Estimates.....

It may be difficult to believe, but we are coming back! So many new faces in the park! Many displaced from other parks have joined us and are happy to rebuild or replace a home here. Others are new to the Florida lifestyle and anxious to see the park recover and join us here.

Our next social committee meeting will be in August and at that time you will meet our new OHSC Chairperson, Denise Miller, and her team. Denise and her sister, Diane, were a blessing throughout my three years as chairperson. Between the two of them and my two sisters, Gayle, and Sharon, I always knew I could count on them. I also want to thank Caryn and Tracy for stepping up and joining the SC as VP & Secretary. Thanks goes out to all the games and sports leaders for keeping the activities going. We have a fabulous team that all work hard together and I want to thank all of you who were there to help whenever you saw a need. I must say, I have really enjoyed the last three years on the social committee. We weathered through tough times (Covid & Ian) and good times, and still had fun doing it. In the meantime, I have met some incredible people (including my new hubby), enjoyed the comradery and have been impressed by the generosity and support I have been showered with. I am looking forward to continuing my volunteer efforts with the social committee under our new leadership. I hope all of you will join us!

I'm pleased to welcome Jennifer Krogulski as our new Newsletter Editor. As you are reading this, know that Jennifer has put a lot of effort into this popular and informative newsletter. Please reach out to her in a timely manner if you would like to add something to the next newsletter.

Typically, we are pretty quiet here in the summer. As more and more of our residents choose to stay longer and we have many year-round residents, we are hoping to plan a few summer events. Perhaps an occasional musician poolside or a summer Trivia event in the Clubhouse, maybe a picnic. Let us know if you'll be around and we'll make sure we let you know.

In the meantime, we are busy planning events for the 2023/24 season. If you have an event you want on the schedule, don't forget to let us know. We don't want to miss a single event! Remember, the calendar goes to print on or around the 20th of the prior month, so don't procrastinate! We want everyone to know what's going on and where the action is!

Here's to ongoing fun in the sun, whether it's in Orange Harbor or your summer home!

Hello from the Office

May 2023

This office is so excited to have the newsletter back!

We would like to THANK all the volunteers past and present, YOU are who make this community the best place to live!

Hurricane IAN not only devastated so many in the park, but it also hit the office!

If you haven't been up to see us, we are on the 'other' side. The office now faces the entrance. We can now monitor the gate. And, it is a better view!

Speaking of the gate, if you have not registered your name and phone number for the call box/gate please do so ASAP. Reminder *2127 is no longer active. Being registered on the call box will give the visitors & contractors, a way to enter the park with your permission. We are actively monitoring to help keep the park safe. Please do not tailgate coming in or leaving. If there is a suspicious vehicle behind you, pause after you come in. Please help to keep the park safe by not giving out your number and not opening the gate for those you do not know. Thank you for cooperating with the gate and keeping the park a safe place to live.

Unfortunately, IAN also ruined many of our files, most were in bottom drawers. I am attaching in this newsletter a resident's information sheet, everyone, please fill it out with updated info and bring it to the office or email it to me at: office@orangeharbor.net.

Payment booklets: all payments must be mailed to the address in Tampa, on your payment coupon. Please do not bring them or drop them or mail them to the office. If you are new and have not received your book, please come to the office or call, we can get this ordered.

I am hoping that this space will help keep you informed with the happenings in the office. Exciting changes coming for the park!

Have You Read Your Rules Lately?

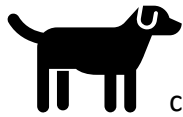

This is a reminder that the Rules and Regulations are in effect and being enforced. All Residents and their guests are expected to know and abide by these rules.

- *No smoking in the pool area.
- *Golf carts are NOT to be operated by children under the age of sixteen (16) throughout the community.

*REMINDER to pet owners to observe the park rules regarding dogs, as failure to comply will result in a violation letter! 1. Pick up and dispose of dog waste in YOUR trash or in the dog waste receptacles at the dog park. 2. Keep your dog on a leash at all times, and walk them on the road. 3. Do not allow your dog to walk, defecate, or urinate in other resident's yards or RV sites. 4. Dogs must be accompanied by an owner at all times, when outside a residence or RV. 5. Golf Carts vs Bicycles and Pedestrians

*Please remember that golf carts and bikes must follow the same "rules of the road" as cars and other motor vehicles. Golf carts need to stay on the their side of the street, stop at all corners, and proceed into an intersection after carefully looking both ways. There have been way too many "near misses" on our streets involving cars, bicycles, and pedestrians, with drivers not following the "rules of the road". Please follow the speed limit of 15 mph on our streets and stop at all **STOP** signs for the safety of our residents. **Pedestrians please use a flashlight at night!***

Do Not Put FROG Into The Drain!

F-R-O-G-Fats, Rags, Oils and Grease in the Sewer System

Help us prevent fats, rags, oils and grease clog/blockages in the sewer system. Sewer overflows can cause major health hazards, costly cleanups, and environmental damage. Raw or partially treated sewage can back up into homes or flow into area streets, parks, yards, rivers and bays. The resulting corrective action usually involves hefty repair bills for homeowners and increased operation costs for sewer service providers.

The Culprits of these Messes?

In many cases, they are fats, oils and grease. All of which clog pipes.

Typical sources include:

- Food scraps
- Butter
- Margarine
- Cooking oils
- Sauces
- Dairy products
- Greasy Leftovers

What do you mean by rags? Rags is a general term for a multitude of items that end up in our wastewater that cannot be processed properly at the Wastewater Treatment Facility.

They include:

- Facial tissues
- Baby wipes, disinfectant wipes, moist wipes, etc.
- Toilet bowl scrub pads
- Disposable floor wipes
- Napkins (paper or cloth), paper towels
- Dental floss
- Egg shells, nutshells, bones and coffee grounds
- Hair
- Sanitary napkins, tampons, condoms, or any non-organic material
- Vitamins, medicines, or other pharmaceuticals
- Sheet plastic, or plastic of any kind
- Diapers (cloth, disposable, “flushable”)

How Does this Happen?

Fats, oils and grease do not mix well with water and easily adhere to other materials, such as underground pipes. When washed down the drain, these substances can solidify and stick to the pipe's interior. Over time, the grease can build up and cause blockages or breaks in the pipes. You can help us keep our water running clean by disposing of your cooking oil and grease properly.

There has been some interest in getting Bingo started at Orange Harbor. I'd like to get feedback from residents who would be interested in playing Bingo.

Also I would need volunteers for these spots:

- Bingo Caller
- Bingo card validator
- Bingo cashier

We are also thinking of having snacks for purchase. We are just in the investigative phase to see what the interest would be. Email your feedback to: dmillernh@comcast.net

Home Sales Update for Orange Harbor *By Barefoot Realty Group, Brokerage Agent for Orange Harbor*

Barefoot Realty Group, the brokerage agent for Orange Harbor, extends a warm welcome to new and existing residents. The past eight months have been difficult for all residents but as more homes are remodeled and new homes are being built, the community is coming back stronger and better than ever.

Why are we here?

- Barefoot Realty's parent company, Florida Community Services, assisted the residents with the purchase of the community in 2012. Since that time, Barefoot Realty Group was hired to be the brokerage agent for Orange Harbor to assist residents with home sales. Through the years, Barefoot Realty has been a partner with the community supporting the residents by sponsoring many annual social events, maintaining an office and home sales website, and hosting a once-a-year community-wide open house that has proved very successful.

Why are websites important?

- According to the National Association of Realtors, 98 percent of home buyers go to the internet first to shop for homes and then contact a Realtor when they are ready to buy. That's why the community's websites are so important to attracting home buyers and showcasing the residents' homes that are for sale.
- We are receiving numerous inquiries from buyers and walk-in traffic at the sales office located at the front of the community. There are three websites for Orange Harbor and these sites have combined average viewership of 2,000 visitors a week, which is a lot of people viewing sites for one community. Here are the websites to visit:

www.orangeharborhomes.com (this is the home sales website)

www.orangeharbormhc.com (this is the community website)

www.ohrvresort.com (this is the RV resort website)

Who to contact?

- We have four licensed realtors available to assist with your home listing and buying needs. Broker Marty Pozgay and Realtor Charity Cicardo are the owners, while Bill Ignatuk and Tracy Bostelman are Orange Harbor residents who are also Realtors. All can be reached toll free at 877-360-7577. In addition to the Realtors, resident Tracy Chambers works in the sales office as a mobile home specialist.
- Barefoot Realty is also a licensed mobile home dealer and is ready to assist whether selling your home or looking to purchase a new home. All our Realtors can sell mobile homes on rented lots. In upcoming articles, we will discuss how we market homes for sale.
